Free Smoke Alarms for Seniors

No smoke alarms in your home? Are your smoke alarms over 10 years old? Have you tested your alarms this month? Do you need new batteries in them?

The American Red Cross of Hawaii, Honolulu Fire Department, and other area partners are working together to install free Smoke Alarms in the homes of seniors in Hawaii.

If you would like to be a part of this free program, please **call the Red Cross at 739-8111**, leave your name, phone number and address. We will call you back to schedule an appointment to install the smoke alarms.

“On average, 7 people die every day in a home fire in the USA. Working smoke alarms cut the risk of dying in a home fire by 50%.”

The Red Cross Home Fire Preparedness Campaign’s goal is to reduce home fire fatalities by installing smoke alarms, teaching residents how to test them monthly, and helping you create and practice a fire escape plan to get out of your home in 2 minutes or less.
